

**Health IT Leadership Roundtable: Future of Interoperability and
Secure Consumer Access to Healthcare Data**

January 30, 2020

AGENDA

8:30 a.m.	<p>Welcome & Housekeeping Kristen McGovern, Partner, Sirona Strategies; former Chief of Staff at the HHS Office of the National Coordinator for Health IT</p>
8:35 a.m.	<p>Opening Remarks Justine Handelman, Senior Vice President, Office of Policy and Representation, Blue Cross Blue Shield Association</p>
8:40 a.m.	<p>Keynote Remarks Dr. Don Rucker, National Coordinator for Health IT, HHS Office of the National Coordinator for Health IT</p>
9:30 a.m.	<p>Congressional Perspectives on Health IT Senator Bill Cassidy, U.S. Senator, Member of the Senate Finance Committee and Senate HELP Committee</p>
9:50 a.m.	<p>Panel: Advancing Consumer Access to Health Data <u>Description:</u> Panelists will highlight innovative ways that they are engaging patients and their caregivers with health care data today. As we look to a future world where increasing amounts of health care data are shared electronically, what, if any, new protections and/or education initiatives are needed to ensure patients understand how and what their data will be used for? What considerations are top of mind for providers and plans when they share information with third parties at the patient's direction? What use cases are most important for patients?</p> <p><u>Panelists:</u></p> <ul style="list-style-type: none"> • Aaron Miri, Chief Information Officer, Dell Medical School & UT Health Austin, The University of Texas at Austin • Lina Walker, Vice President of Health Security, AARP Public Policy Institute • Dr. Edward Juhn, Sr. Medical Director, Care Innovation and Technology Integration, Blue Shield of California • Laura Hoffman, Assistant Director, Federal Affairs, American Medical Association
10:50 a.m.	<p>Panel: Data Standardization to Support Consumer Access <u>Description:</u> It is not enough to simply share health care data; providers and consumers need actionable information that supports clinical decision making. This panel will highlight private sector work to standardize health care data to support innovation and drive behavior change where appropriate.</p>

	<p><u>Panelists:</u></p> <ul style="list-style-type: none"> • Karen Wilding, Senior Director, Quality & Value Based Care, the University of Maryland Medical System; Compliance Officer, UM Quality Care Network & Transform Health MD; Member of the College of Healthcare Information Management Executives (CHIME); Past President, Board of Directors, Maryland HIMSS • Laurent Rotival, SVP Strategic Technology Solutions, Chief Information Officer, Cambia Health Solutions • Dr. Zeshan Rajput, MD, MS; Physician Informaticist and Principal, The MITRE Corporation • Sherri Zink, SVP, Chief Data Officer, BlueCross BlueShield of Tennessee
